Errata to the paper
"Generalizing Vaught sentences
from ω to strong cofinality ω", Fundamenta
Mathematicae 82 (1974), pp. 105–119

by

M. Makkai (Montréal)

Professor Ellen Cunningham has kindly informed us that the proof of Theorem 4.1(ii) as sketched in our paper is defective. This does not effect the rest of the paper since 4.1(ii) is not used elsewhere. Nevertheless, as Professor Cunningham shows by a different proof, the result in question *is* true.

We would like to thank Professor Cunningham for this information.
